'Scabiosa Incisa 'Kudo

Cultivated in Japan, Scabiosa 'kudo' is a wonderful perennial that flowers all summer long. Its stunning flower heads have a pins-like core rounded with light pink petals.

Kudo' produces compact mounds of foliage and stems, a feature that makes it ideal for beds and borders.'

It grows up to 40-50cm (16-20") height and spread to 50-60cm (20-24") and prefers a sunny exposure.

It is a bees and butterflies magnet - a must in any garden.
